United Way of Williamson County is fighting for a community where every person—no matter their background, their circumstances or their zip code—has an equal chance at a bright future.

United, we can win this fight if we live as one. If we make our neighbors’ struggles, our struggles. Their victories, our victories.

Together, we can be the hand raisers, the game changers, the problem solvers. We can be the voice for those who are struggling. Those who have been left behind or forgotten.

With your gift, we can bring individuals, businesses, nonprofits and government decision makers together to have the tough conversations, mobilize the resources and make the smart investments that will attack problems at their roots, so that every person and every family in our community thrives.

Because, if united we fight.

United We Win.

Join the fight at uwwc.org.

United We Fight. United We Win.

Know someone who needs help? Dial 2-1-1, United Way’s information & referral helpline for everyday needs or help in times of crisis.
Families struggling to make ends meet are often one car repair or unexpected medical bill away from not being able to pay their rent that month. Together, we are ensuring families have a stable place to call home, food to eat, education and job training, and the support they need to get on the path to financial independence.

Empowering Families for Self-Sufficiency

Every child in our community deserves an equal opportunity to learn and succeed. 32% of students in our school districts are not on track with their grade level. Together, we can ensure that every child in our community enters kindergarten ready to learn, has the support they need to develop crucial reading skills for success, and receives essential social and emotional support from preschool to graduation.

Giving Kids An Equal Chance

Many of our most vulnerable neighbors struggle to access quality health care, supportive services and a strong community network. In Williamson County, 6.3% of the population is uninsured. Together, we are helping people access quality health care, assisting those dealing with mental health issues and chronic disease, and bringing people together to make connections and build strong, supportive communities.

Building Strong, Healthy Communities

Together, we can give everyone in our community a chance to overcome life’s unexpected challenges by providing resources to meet their critical needs during emergencies or times of crisis. Together, we offer safe places and coordinated, wrap-around services to stabilize our neighbors and help them heal.

Helping Our Neighbors in Crisis
